- Pie Charts
- Angles
- Word Problems
- Graphs & averages
- Time

## Science

- Living things
- Life cycles
- Habitats
- Microorganisms
- Classification
- Linneaus

## PE

Wednesdays

**Year 6 Homework:** Your child should be reading at home daily, and should record comments into their reading record at least three times per week – these will be checked every Friday. They will receive weekly Mathletics homework (set and due on Thursdays) that they must complete as this will support their learning. Front Read, Read Theory, SPAG.com and Spelling Shed are also available to help your child to practise their reading skills, increase their reading speed and improve their spellings. Additionally this term we will be launching a new Maths app ‘Maths Whizz’ to support problem solving and reasoning skills, and this software will also be accessible from home.

Please do not hesitate to speak to your child’s class teacher if you have any queries, or if you have resources or expertise that could contribute to any of the above curriculum areas. Thank you!
