- Periscopes
- Chromatography

PE

Outdoor PE:
Thursdays

Year 6 Homework: Your child should be reading at home daily, and should record comments into their reading record at least three times per week. They will receive weekly Mathletics homework that they must complete as this will support their learning, and may also receive fortnightly arithmetic homework later on in the year. Spellings are also set weekly. Front Read, Read Theory and SPAG.com are also available to help your child to practise their reading skills and increase their reading speed.

Please do not hesitate to speak to your child's class teacher if you have any queries, or if you have resources or expertise that could contribute to any of the above curriculum areas. Thank you!
