All Saint's CE (Aided) School

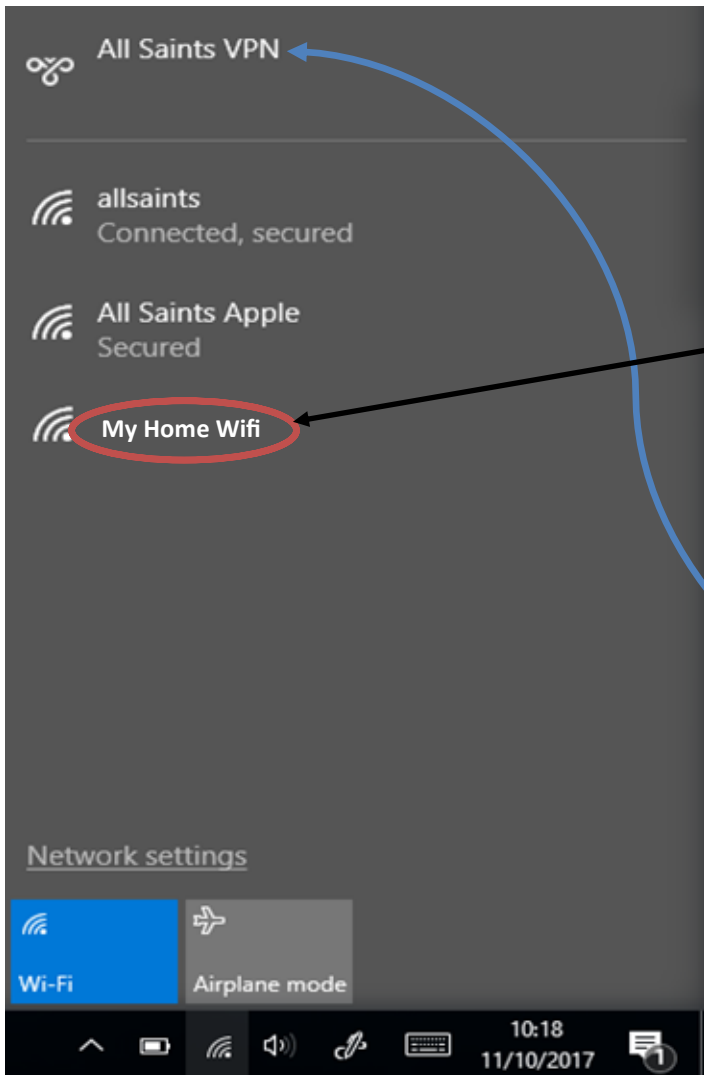

Connecting to VPN from home

Jordan Smithson

IT Manager

All Saints Primary School.

Connecting to All Saints VPN from home

1

Click on your home internet and enter your password to connect.

Once connected it will say connected [no internet](#)

2

Now click on All Saints VPN and select connect.

Give it a few seconds and you should now be able to access central resources, if not and the screen below appears go to the next step.

3 - Please Note:

When connecting to the All Saints VPN from home please remember to not turn off your proxy settings. Your laptop will be looking for the proxy to enable it to connect to the internet.

Furthermore, please note that you cannot connect to the All Saints VPN whilst on the school site.
