

All Saints' Primary School

"Loving to learn, learning to love"

■ 21st June 2021

office@allsaints.peterborough.sch.uk

I hope this newsletter finds you all well and safe. As we are rapidly heading towards the end of term I thought I would provide you with an update on the latest news.

APPOINTMENT OF NEW HEADTEACHER - MR. NICK BROMPTON

After a rigorous recruitment process the governors have successfully appointed my replacement as head teacher. Mr. Nick Brompton is currently head teacher at Castor Church of England School and he has been appointed to be the new head teacher for All Saints' Primary School. As he will start in January 2022, Mr. Roberts has kindly agreed to step up as acting head teacher for the autumn term. The school has a very experienced and dedicated workforce that will ensure a smooth and happy transition period and I know Mr. Roberts will be admirably supported by the wider community too.

FOND FAREWELLS

It is with sadness that we are saying goodbye to a number of members of staff at the end of this term. **Mrs Teat** is retiring after **21 years'** loyal service and we are indebted to her for her commitment to our school family. She has enriched our school in so many ways and we thank her for helping to make our school such a happy and successful one. Next year Mrs. Teat has kindly offered to stay in touch by being a voluntary reading buddy and to continue her great work in nurturing in children a love of reading.

We also are saying farewell to **Mrs Bibi** who is moving onto her next phase in her career to become a qualified teacher. Mrs. Bibi has been an incredibly gifted and hard working bilingual teaching assistant for **12 years** at All Saints' and we know that she has all the qualities to become an outstanding teaching practitioner. We wish her much success as she moves on in her teaching journey and thank her for all her kindness and support.

Finally, we will be saying farewell to **Mr. Anderson** who has been our sports coach for the last 6 years. Mr. Anderson has filled our school with such enthusiasm and energy and ensured that every child has been enriched through participation in quality PE experiences and after school clubs. Mr. Anderson introduced Bikeability and Forest school to All Saints' and organised swimming lessons for all children. Mr. Anderson has successfully created a culture where all children are keen to participate in activities that help them grow into healthy and confident individuals.

We thank them all for their time with us at All Saints' and wish them much success in their new adventures.

SCHOOL PHOTOGRAPHER

On **Thursday 1st July** the school photographer is coming into school. The class photographs will be available to purchase before the end of the summer term and proof copies will be sent out to all parents. We have been in contact with PSP and we are satisfied they have COVID-safe procedures put in place. Could we please

request that pupils come in **school uniform on this day**, even if it is their usual PE day. All children will be photographed, unless permission has previously been withdrawn by parents.

VIRTUAL PARENTS EVENING

Parents' Evening is on **Monday 5th July**. Letters will be sent out this week with further details on how to use the online booking system. Our system is a web-based portal which will allow you to login and select a meeting time that is best suited for you. You can access the portal by going to our website, www.allsaints.peterborough.sch.uk.

ANNUAL REPORTS

On **Friday 2nd July**, your child will receive their end of year report in an envelope marked **Private and Confidential**. The report contains lots of information to help you see your child's attainment, in terms of national year group expectations and the effort they have applied to their studies.

	Is working at greater depth	Working at end of Year National Expectations	Working below end of Year expectations	Is working significantly below Year expectations	Effort
Reading					
Writing					
Maths					

Within our school report there are **4 columns** for **attainment** which show where your child is within their year group's expectations.

If your child is reported as being **'below end of year expectations'** they will have achieved **some** of their year group's statements for a

particular subject. If a child is deemed to be **'working at end of year expectations'**, they will have achieved **all** of the year's statements, and if they are deemed **'greater depth'**, they have met all key statements and most of the other expectations outlined in the new national curriculum for their year group. If a child is working **significantly below** their year group's expectations, class teachers will indicate which year group they are working within.

Do dedicate some quality time to read through your child's report; the teachers have spent considerable time writing them. We believe that the Personal and Social Development Section is one that is very important, as we believe a child's attitude to school life and relationships to others is as important as their attainment. This year to reflect the impact COVID has had on learning we have included a section on Remote Learning and your child's engagement.

SPORTS DAYS

Due to COVID restrictions we will be organising Sports days in a different format this year. Each year group will experience a year group based sports day experience where the children will participate in mini round robin activities that include a range of PE skills. The children will have opportunities to take part in races against children in their classes. But it is imperative that we continue to keep the class bubbles separate. A letter with more details will be sent out this week from Mr. Anderson and although we will not be able to invite parents onto the school site to watch the sport days, we are 100% committed to uploading lots of photos of the children having fun in a safe environment on the school website for you to peruse and enjoy.
